

Protecting Your Practice

Elizabeth Bamgbose, PhD, CRNA, FAANA
October 26, 2024

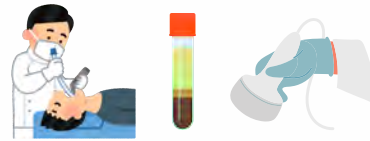

What is "PRACTICE"?

SCOPE

What skills and decisions are you able to employ/perform during the peri-operative period?

Evaluating and deciding which type of anesthetic (i.e., general versus regional)

Performing anesthetic techniques such as regional, ultrasound, office-based dental, pre and post-anesthesia diagnostic and treatment orders

What is "PRACTICE"?

PRACTICE MODELS

Supervision**

**ACT:
Medical
Direction**

What is "PRACTICE"?

BILLING

What are you "worth" to your institution/group?
Key considerations for billing "legally"!

- Indy Practice**
- Fee for service
 - Flat rate
 - Insurance
 - Time in/out

- EDAM:**
- Independent
 - CRNA/MD
 - QZ

- ACT/Supervision**
Supervised
Ratios (1:4)

- ACT/Direction**
TEFRA
Ratios (1:2-1:4)

"SCOPE" BENEFITS

**EDUCATION
MONEY**

**LEADERSHIP
OPPORTUNITIES
AND SUPPORT**

**POLITICAL
SUPPORT**

**UNION
NON-UNION**

Thank
You!!
